

Create a word document, pdf or use the "write submission" option in blackboard to provide the following:

1. To turn in your wireframe, submit the GitHub URL for the wireframe image you exported above.
 - a. <https://ndpullan-su.github.io/ist263/lab06/wireframeexample.png>
2. Submit the GitHub URL for all three pages from this lab plus the URL for the CSS file.
 - a. <https://ndpullan-su.github.io/ist263/lab06/style.css>
 - b. <https://ndpullan-su.github.io/ist263/lab06/skills2.html>
 - c. <https://ndpullan-su.github.io/ist263/lab06/pullano-biocopy4.html>
 - d. <https://ndpullan-su.github.io/ist263/lab06/contactcopy3.html>
3. In your book on pages 301-302 are a list of font and text properties. Pick a property off this list that we did not use in either the lecture or lab. Explain how you could see this property being applied to something on either the bio, skills or contact pages to make the design better.

I used font shadow to add emphasis in h1. This let it draw attention to my name and the title, creating hierarchy.

4. Hand in the peer copy document review with answers to these questions. Note that I have read all the copy documents, and everyone has something to improve. **Don't say everything is great.**
 - a. Who's copy document did you review?
 - i. Belle Kronberg
 - b. What typos are in your partner's copy document?
 - c. What didn't they communicate clearly? Give me details here?
 - d. Did the copy seem like it was too much/not enough? Explain.
 - e. Where could your partner use headings, bullet points, etc. to make the copy stand out more to users?
 - f. Any other comments?
5. Submit answers to the following:
 - a. What questions did you have about the lab?
 - b. What was the hardest part of the lab?
 - c. Rate your comfort level with this week's topics.
1 ==> I can do this on my own and explain how to do it.

2 ==> I can do this on my own without any help.

3 ==> I can do this with help or guidance from others.

If you choose this level, please indicate HOW this person helped you.

- i. I attempted to complete this on my own but needed help with pathing my style external style sheet correctly. I also had a few errors in my code, but I went to extra help with Lily and I was able to make necessary corrections.

4 ==> I don't understand this at all yet and need extra help.
